Notes: The source of the representation data is the Treasury Board of Canada Secretariat Employment Equity Data Bank, which is populated with self-identification information provided by employees.

The sum of designated groups does not equal the total ("all employees") because employees may have chosen to self-identify in more than one designated group, and men are included in the total.

*The LC (Law Management) group has been included as part of the Executive group since the 2011-12 fiscal year.
